Because

Every Bean
Matters

At ADEC, we believe in working towards a better future for Guatemala and its people.

As part of our mission, we are committed to support organizations that help those in need.

Since 1966 we have worked as a group to provide food staples, medical support, financial help and emergency relief. Today, we support 16 organizations.

Mobile Clinic

ADEC has built and reconditioned a mobile clinic with all the necessary equipment to provide medical attention and dental care.

So far 66,000 producers and collaborators have been provided with medicine, medical and dental care, aiming to improve their lives, free of charge for them.

If you would like to contribute to our programs to increase the number of beneficiaries in Guatemala, feel free to contact us for more information.
